

EAGLE-CLIP™ ALUMINUM Z CLIP HANGING SYSTEM

Hanging things has never been easier. The Eagle-Clip Z Clips (aluminum z extrusions) are a fast and cost effective method to hang, fasten, and secure any kind of wall panel, acoustical panel, partition, frame, cabinet, sign, mirror or piece of artwork. Our specially engineered Eagle-Clip Z Clips allow for fast mounting and removal. Made from heat treated hardened aluminum and available in 1-1/2" and 2" clips, continuous lengths of 72" and 144" either punched or un-punched, the Eagle-Clip Z Clips make installation fast and easy.

Eagle Mouldings offers custom finishing, fabrication, and cutting services for all stocked and special order extrusions.

AVAILABLE Z CLIP PRODUCTS

Our entire line of aluminum Z clips and Z bar stock are engineered and temper-hardened for maximum strength and holding power. Our Z Clip product line consists of the Eagle Z-Clip, cleated bar or cleated rail, smooth bar or smooth rail, and aluminum Z bar. Whether you're looking for a 3/8" lift-off, 5/8" lift-off, 1-1/2" wide, 2" wide, 3" wide, 1/4" standoff or 3/16" standoff, cleated or smooth, standard, custom or special order, Eagle Mouldings is ready to help you find the exact solution that fits your need.

HOW EAGLE-CLIP Z CLIPS WORK

To install, simply fasten one Z Clip to the wall and another to the panel you want to hang. The Z shaped clips wedge together locking the panels solidly and securely in place.

- Available in pre-cut and punched clip lengths (sold in bags of 20 or buckets of 1000)
- Available in punched (every 8" on center) or un-punched 72" and 144" lengths
- Easy to install
- Extremely strong
- Very secure

CUT INSTALLATION TIME BY AS MUCH AS 50%

Eagle-Clip Z Clips remain concealed after installation, allowing for pre-finishing without time-consuming face nailing or on-the-job finishing. Because of the ease of installation and cost-effectiveness, you can save as much as 50% by choosing Eagle-Clip Z Clips and Panel Hanger products.

EAM-375 EAGLE-CLIP

Features:

- .375" lift-off
- .250" stand-off
- .210 hole size
- Continuous lengths are available unpunched or pre-punched holes every 8" on center
- Aluminum Alloy 6005-T6 temper in accordance with ASTM B221

Available Sizes:

- 2.00" Eagle-Clip with Grooved back - EAM-375-2
- 6' (72") continuous length z-bar - EAM-375-6
- 12' (144") continuous length z-bar - EAM-375-12
- Custom sizes and hole locations available

↑ .375" Lift-off
 ← .250" Stand-off

EAM-375-S (SMOOTH) EAGLE-CLIP

Features:

- .375" lift-off
- .250" stand-off
- .210 hole size
- Continuous lengths are available unpunched or pre-punched holes every 8" on center
- Aluminum Alloy 6005-T6 temper in accordance with ASTM B221

Available Sizes:

- 2.00" Eagle-Clip with Smooth back - EAM-375-S-2
- 6' (72") continuous length z-bar - EAM-375-S-6
- 12' (144") continuous length z-bar - EAM-375-S-12
- Custom sizes and hole locations available
